Dear Mr. Chairman

Title 10, U.S.C., Section 2884 requires that Congress be notified of each contract for the acquisition or construction of family housing units or unaccompanied housing units being solicited under the housing privatization authorities.

The Air Force intends to enter into such an agreement with a private entity for the construction, operation and maintenance of family housing at Shaw Air Force Base, South Carolina. The Deputy Under Secretary of Defense for Installations and Environment concurs with our plan to solicit this project. The Air Force intends to release the request for proposal no sooner than 30 days after the date of this notification. The project summary is attached.

A similar letter has been sent to the Ranking Minority Member of your Committee and to the Chairman and Ranking Minority Member of the Senate Armed Services Committee.

Sincerely

MILITARY HOUSING PRIVATIZATION INITIATIVE AIR FORCE PROJECT SUMMARY

INSTALLATION:

Shaw AFB, South Carolina

SCOPE:

The purpose of the business venture is for a private entity to finance, plan, design and construct improvements, as well as own and operate a rental housing development for 1491 military families. The whole-base project involves a non-FAR real estate transaction with a Successful Offeror (SO) under which the Government will convey 1702 existing housing units and other improvements to the SO. The SO will demolish 1299 units and construct 1088 units on a variable schedule within 84 months of the award. 403 units will be conveyed as is with no major renovation required. 400 units will be demolished and replaced in years 12 - 14. The SO will manage 1491 units for 50 years. The SO will finance, plan, design and construct improvements, as well as own and operate the rental housing development for military families for 50 years.

The USAF will competitively solicit and select a developer. It is the responsibility of the developer as the SO to arrange the necessary debt financing and equity contribution. The Government participation may include a direct loan. Offerors shall utilize their equity contribution and private sector commercial loan proceeds before using a Direct Government Loan.

The agreement will provide service members the opportunity to occupy quality housing. Payment of rent and reasonable utility costs will not exceed the member's Basic Allowance for Housing (BAH) under this transaction. The service members will pay rent and utilities. The rental units will be made available to Air Force families on a preferential basis. Occupancy guidelines are outlined in detail in the solicitation.

No AAFES or DECA activities will be affected by this privatization initiative and the land lease will preclude the SO from having any revenue generating activities that compete with AAFES, MWR/Services, or DECA.
